More flame. More fun. WAY less smoke.

Here's to epic nights full of smiles, laughs, "oohs" and "aahs." Solo Stove has the ultimate backyard fire pit to fire up your backyard celebrations with the biggest, baddest flame out there.

Enjoy Our Signature 360° Airflow Design™ creating a mesmerizing secondary burn. That means there's way less smoke compared to other fire pits. The best part? Nearly everything burns to a fine ash, making these fire pits easy to clean.

Plus, every Solo Stove product is backed by a lifetime warranty.

Solo Stove

Ranger + Stand

The Solo Stove Ranger harnesses our patented design in a more compact size and travel friendly size. The Ranger sets up and starts quickly allowing you to have a no-trace fire in more places than just the backyard. The double wall design creates a burst of hot air over the fire reducing the smoke without the use of batteries and fans. By design, Ranger burns wood so efficiently you'll only be left with ultra-fine ash making clean up as simple as dumping out the spent ash.
